

UnTechEd - UCSI University, Malaysia TechFusion Global Immersion Program

SEPTEMBER 2025

"SECURING THE FUTURE: AI-DRIVEN INNOVATIONS AND ETHICAL CYBERSECURITY FRAMEWORKS"

@ UCSI UNIVERSITY, MALAYSIA

(Ranked 265th University Worldwide QS Rankings 2025, Top 1% globally)

PROGRAM OVERVIEW

Securing The Future: AI-Driven Innovations and Ethical Cybersecurity Frameworks is a transformative immersion program hosted by the UCSI University, Malaysia. Tailored for undergraduate and postgraduate students in Engineering & Technology, CSE/IT disciplines, the TechFusion Global Immersion Program offers participants an unparalleled opportunity to delve into the dynamic fields of Artificial Intelligence and Cybersecurity through a blend of academic sessions, industry visits, and cultural explorations. The program is designed to equip students with cutting-edge knowledge and practical insights on topics such as AI-Driven Cybersecurity Tools, automating threat detection and response systems, and developing ethical frameworks for autonomous systems. Participants will also explore techniques for ensuring data privacy in compliance with global regulations like GDPR, address cybersecurity challenges in autonomous systems such as self-driving cars and drones, and analyze AI governance and cybersecurity policies shaping the future of technology.

PROGRAM TOPICS

AI-Driven Cybersecurity Tools

Automating threat identification and response.

AI in Ethical Decision-Making

Developing moral frameworks for autonomous systems..

Data Privacy in AI Applications

Techniques to ensure compliance with regulations like GDPR

Cybersecurity Challenges in Autonomous Systems

Securing self-driving cars and drones.

AI Governance and Cybersecurity Regulations

Policy frameworks for AI and cybersecurity co-development

Benchmarking Industry Visit

PROGRAM - COST STRUCTURE

Total Cost : \$690 USD (approx. INR 59,000)
per student (all inclusive)

Please Note: Seats are limited and will be allocated on a first-come, first-served basis
